AMPHITHEATER

A large arena that seats 240 guests. A large raised stage with solar lighting and two fire rings in front. Perfect for council fires, skits, songs, and fun!

TRADING POST

An opportunity to get your Norse Swag or some sweet treats! We also carry everything a camper might need (and probably some that you don't) for your convenience or whimsy.

HIKING

Camp Norse has a 2 mile trail that takes you by beautiful views of conservation lands, cranberry bogs, and our lovely Darby Pond. It also travels through some of our vernal habitats and large pine forests. A section of the trail is a historically documented route of the earliest occupants to this area. Points of identification can be found on the map [here](#)

DARBY POND

A 37 acre natural Coastal Plain Pond perfect for boating, swimming, and fishing. Our Waterfront is equipped with a variety of Coast Guard Certified watercraft, swim docks, and a superbly trained Staff. Our upper beach area is also nice for sitting during the day or enjoy a small fire with the family and roast some s'mores before bed.

LOBL ISLAND

In the center of Darby Pond is our own little island said to be the final resting place of the famed Captain Lobl (a Norse legend). The island can be a fun place to explore or picnic with your Troop. The Island can also be rented for camping but only for older Scouts that are trained in 'Leave no Trace' and are able to camp with minimal gear and no amenities.

SCOUTING MUSEUM

If you are staying with us please ask your Campmaster if a tour of our Museum is possible. It's always nice to remind our Scouts of the rich heritage that now belongs to them. If you contact our Alumni in advance they will accommodate. #campnorsealumniassociation
